A Card.

I am indeed grateful to several
friends for their kindly mention
of my name in connection with
the office of Probate Judge and of
Representative of Hocking Coun-
ty, and I appreciate their kind
words, but I am not a candidate
for any office. I am happy to hold
my place with the rank and file of
the Democratic party and fight
eternally for the principles that
I believe are right.

J. B. DOLLISON.

Mr. FORAKER at present is en-
joying the certain knowledge that
his elimination from Ohio politics
will proceed from the Democratic
party, if at all, and not from the
Taft-Cox combination at present
exercising a temporary sway, with
the aid of Mr. Roosevelt's ap-
pointees to office. It is asserted
with every indication of truth
that he has at his disposal now
overtures from the Taft opponents,
who have been vociferating about
his corporate entanglements, to
abate his fight against the Taft-
Cox alliance and succeed himself
in the Senate. He sees also the
triumph of his contest for simple
justice in the Brownsville matter,
and now he foresees that his bill
providing a quick and sure solu-
tion of the two expansive scope of

the Sherman law will be enacted,
or none. Things are going For-
ward fast, unless the Demo-
crats are able to retire their old
time enemy.

OPENING

OF SHOPS

Many Families Moving to
Logan and Houses Must
Be Provided.

OTHER RAILROAD NEWS.

On Friday of last week in the
afternoon and evening occurred
the formal opening of the new
Hocking Valley Ry. Shops, re-
cently completed here.

The public were invited through
the newspapers to be present from
2 to 4 o'clock in the afternoon and
from 7 to 9 o'clock in the evening.

A great crowd of our citizens
availed themselves of the rare op-
portunity of going through this
immense plant. There were pres-
ent for the company several very
courteous employees, who pointed
out the machines and equipments
of most interest to the visitors.

In the evening hundreds of per-
sons visited the shops, and it was
a grand sight to see the big shops
lighted up with the brilliant elec-
tricity. When we consider that
one building contains more lights
than all the city of Logan, it can
be imagined without being present,
how perfectly the plant and the
yards are lighted. The officials
were very courteous, in showing
the people around and through the
buildings and the machinery.

On Saturday some of the Com-
pany officials came to Logan and
inspected the works. The follow-
ing were among the number: M.
A. Kinney, master mechanic; G.
J. DeVilbiss, supt. of water power;
H. E. Speaks, superintendent;
Wm. Michael, general engineer of
maintenance of way. They traveled
in Gen. Supt. M. S. Connors,
newly and handsomely equipped
private car.

Supt. Speaks says there will be
15 families move from Lima, at
once, and 15 families from Colum-
bus. There will be brought to
Logan immediately, about 50 men
in the bridge gangs. Logan will
be headquarters for the
southern division bridge men, as
also this point will be made the
general lumber yards.

All this means that Logan men
that have money must build
houses at once to accommodate
this increase of nearly 100
families to the population of Lo-
gan. Something must be done.
Now that we have with us the
long sought, greatest industry of
the valley, we are not building
houses for the men to live in.
The railroad officials urge us to
hasten in this matter.

Engineer Bill Davis and Night
Yard Master Unkle John Strawn
attended the funeral of their Aunt
at Bloomingville, last Tuesday.
Operator F. G. Deishlie substituted

sive leave of absence owing to ill
health. Former Superintendent,
of the T. & O. C., Mr. H. E.
Speaks has been appointed super-
intendent, effective May 1, 1908.
Mr. Quigley has been ill for some-
time at the Marion Hospital.

Several important changes in
the official personnel of the Hock-
ing Valley and Toledo and Toledo
and Ohio Central roads, are the
result of the granting of a leave of
absence to Superintendent R. S.
Quigley of the Hocking Valley on
account of ill-health, became
effective Thursday of last week.

In addition to these, a circular
was sent out announcing the names
of official who have charge of the
operation of the Marietta, Col-
umbus and Cleveland, which,
after a brief period of operation
by the T. & O. C., is turned back
to the control of the Little Kan-
awha syndicate, effective May 1.

Superintendent H. E. Speaks,
Train Master R. M. Connell and
Assistant Train Master W. M.
Deeds made a special trip over the
South end and River division and
branches examining all employees,
whose duties are in the handling
of trains as to sight and color
blindness. Examinations occurred
